

Contents The 20th Meeting on Astronomy Education

Contents		ii
An Official Picture		vii
A Program of the Meeting		viii
List of Participants		x
Preface	Masafumi Matsumura	xi
On the Main Theme	<i>Hideo Shinohara</i>	xii

TALKS ON THE MAIN THEME

Cooperation between Astronomical Society of Japan and School/Public Education Societies on Astronomy Education	<i>Yoshiaki Sofue</i>	1
On the School Education Session	<i>Naoki Matsumoto, Nao Narita</i>	7
What should be taught about the astronomical field in the school? How should the educational system be improved for that?	<i>Takao Mizuno</i>	10
Practice Report of an Astronomy Class in Junior High School	<i>Yoichi WATANABE</i>	19
Highlight and Shadow in Astro-HS Network	<i>Bunji Suzuki</i>	22
On the Social Education Session	<i>Kyohei Ando, Akika Nakamichi</i>	26
How to Advance to Social Education and Lifelong Learning	<i>Takehiko Kuroda</i>	28
Planetaria in Japan, Yesterday, Today and Tomorrow	<i>Shoichi Itoh</i>	37
A Science Live Show “UNIVERSE” - Its history in ten years and future	<i>Tetsuya Ito, Toshihiro Handa</i>	41
Discussion	<i>Kentaro Yaji</i>	48

A TALK ON ASTRONOMY

How do black holes look like?	<i>Shin Mineshige</i>	53
-------------------------------	-----------------------	----

TALKS

Experience of Asteroid Detection Software in general public presentation	<i>Mai Kikukawa, Atsushi Nakajima, Hirohisa Kurosaki</i>	63
On the original school subject “Science of the Univers” at Kamogata Senior High School	<i>Osamu Ohshima</i>	66
Teaching Material of Astronomy using PC	<i>Kazushi Sakka</i>	71
On the Universal Design Working Group	<i>Chair: Shin Mineshige</i>	74
From “What is our Universe?” to “what is Astronomy?”	<i>Satô Akisato</i>	80
“What does it matter to me?” Syndrome	<i>Satô Akisato</i>	83
Perpetual Calendar made of Sliding Boards	<i>Satô Akisato</i>	86
Invitation to test the Compton’s Experiment and Deflection of falling Bodies	<i>Satô Akisato</i>	90

A Catalogue of Historic Sites of Astronomy in Japan and the Use for Education	<i>Atsushi Matsuo</i>	92
The Research project on Luminosity of the Night Sky at IBARAKI-pref.	<i>Jun Takahashi</i>	98
Activity of Dark Sky Meter 2005	<i>Takuro CHISHIMA and Yoshiharu ITO</i>	102
Internet Venus Live using internet telescope	<i>Takuro CHISHIMA, Shingo NARITA and Yoshiharu ITO</i>	106
Plan of make a database of Science Text Books in Japan	<i>Ken Tsukada, Takao Mizuno</i>	111
Misconceptions about Astronomy in a University Class	<i>Masafumi Matsumura</i>	115
Foresight of the "Astro-HS" from the questionnaire to the participants	<i>Hideo Shinohara, Astro-HS Management commission</i>	118
International Survey on Astronomical Education	<i>ARIMOTO Jun'ichi</i>	124
20 Years in Science Education and Popularization that Centers on Astronomical Education in the Future	<i>Tomoya NAGAI</i>	127
The TENPLA Project 1. Where we are going to?	<i>Naohiro Takanashi, Masa'aki Hiramatsu, Ken Tsukada, and tenpla.net</i>	132
The TENPLA Project 2. How we can enjoy Astronomy with local peoples?	<i>Naohiro Takanashi, Masa'aki Hiramatsu, Ken Tsukada, and tenpla.net</i>	136
The TENPLA Project 3. Astronomical Toilet Paper	<i>Masa'aki Hiramatsu, Naohiro Takanashi, Ken Tsukada, and tenpla.net</i>	139
The TENPLA Project 4. Astro-KARUTA	<i>Masa'aki Hiramatsu, Naohiro Takanashi, Ken Tsukada, and tenpla.net</i>	142
The TENPLA Project 5. Science Café	<i>K. Tsukada, N. Takanashi, M. Hiramatsu, and tenpla.net</i>	144
Cooperation between the Yonago National College of Technology and the Child Culture Center of Yonago City	<i>Akitsugu Takeuchi, Takashi Yamawaki, Shinsuke Tsukada, Minoru Yushima</i>	148
Activity of Incorporated NPO "Kokoro-Planet"	<i>Natsuko ONO, Ken TSUKADA</i>	151
The simple method of investigating the light pollution using a digital single lens reflex camera	<i>Toshihiko Masui</i>	153
Cultivation of science culture I Evaluation of the research communication "astronomy pub" with citizens	<i>Hidehiko AGATA</i>	159
Cultivation of science culture II Proposal for Improving the Curriculum of High School	<i>Hidehiko AGATA, Yukiko MOTOMURA, Etuko NAGAYAMA, Taku NISIKAWA</i>	165
Cultivation of science culture III The aim of science show "Scientific Iron Man"	<i>Hidehiko AGATA</i>	171
3 rd Year Progress of AMANOJUKU, The astronomy lecture from graduate students	<i>Seiichiro Naito, Hidekazu Hanayama, Masaaki Hiramatsu and Arihiro Mizutani</i>	174

Let's try the game of "88 constellations"	<i>Natsuko ONO</i>	177
We ask "What's the present circumstances for astronomical institutions?"	<i>Natsuko ONO, Kyohei ANDO</i>	181

A SPECIAL EXHIBITION

Astronomical picture books and children's books exhibition.	<i>Ken Tsukada</i>	183
-------------------------------------------------------------	--------------------	-----

BUISINESS REPORTS

An Annual Report on the Tohoku Section Subcommittee	<i>Yoshiharu ITO</i>	187
An Annual Report on the Kanto-Section Subcommittee	<i>Naoki Matsumoto</i>	188
An Annual Report on the Chubu-Section Subcommittee	<i>Kanji Hattori</i>	189
An Annual Report on the Kinki-Section Subcommittee	<i>Nao Narita</i>	190
An Annual Report on the Activities of Chugoku-Shikoku Section	<i>Atsushi Matsuo and Masafumi Matsumura</i>	191
Planetarium Working Group	<i>Natsuko ONO</i>	192
A Financial Report on the 20 th Meeting on Astronomy Education	<i>Hideo Shinohara</i>	194

APPENDICES

Statement on the Designated Manager System (Shitei-Kanrisha-Seido)		195
Remarks on the New Definition of a Planet		196
A report of the Kanto Regional Meeting on 20 November 2005	<i>Hideo Shinohara</i>	197
A report of the Kanto Regional Meeting on 10 June 2006	<i>Naoki Matsumoto</i>	200
The Regulations of the Society for Teaching and Popularization of Astronomy		205
